For The Love Of Him

When he opens the door and says I'm home
Be aware of the look in his eyes
They tell you the mood he's in
What kind of day its been

They'll be times where he wont say a word
And you'll wonder if its something you've said
A gentle touch of your hand
Will tell him you understand

For the love of him
Make him your reason for living
Give all the love you can give him
All the love you can
For the love of him
Make him your reason for living
Give all the love you can give him
All the love you can

He's a man and a man has to try
Let them run let them fall let them cry
His world wont fall apart
If you take him into your heart

For the love of him
Make him your reason for living
Give all the love you can give him
All the love you can
For the love of him
Make him your reason for living
Give all the love you can give him
All the love you can

He's a man and a man has to try

Let them run let them fall let them cry
His world wont fall apart
If you take him into your heart

For the love of him
Make him your reason for living
Give all the love you can give him
All the love you can
For the love of him
Make him your reason for living
Give all the love you can give him
All the love you can

Bite My Lip

I got a nine to five it seems like it never ends
I got a touchy boss that wants me in his hands, yeah
And no is a word that he doesn't understand

He says baby can you work with me tonight
I know he knows that I can use the overtime, yeah
But I can tell he's gonna hand me another line

I gotta bite my lip
Keep it inside
Gotta bite my lip
Just let it ride
I gotta bite my lip
Watch what I say
Gotta bite my lip
Just walk away

Yeah I run straight home I got a hot date tonight, yeah
I got a chilled champagne for dinner by candle light
He's gonna be here soon and everything will be alright

I get a call, Guess who's on the other line
I can't make it tonight, Can we do it another time yeah
Oh the nerve, I'd like to give him a piece of my mind

I gotta bite my lip
Keep it inside
Gotta bite my lip
Just let it ride
I gotta bite my lip
Watch what I say
Gotta bite my lip
Just walk away

I gotta bite my lip
Keep it inside
Gotta bite my lip
Just let it ride
I gotta bite my lip
Watch what I say
Gotta bite my lip
Just walk away

Wild and Wicked

Full moon cravin' just a little
Young love from an innocent one
No shame it's purely noncommittal
It's the only way to go if you wanna have fun

Kickstart the rythm pull out on the road
Relyin' on an overload
I need some baby blues reflectin' in the mirror
Tellin' me all the things I wanna hear

Loved and lost
I paid a painful cost
Feel my love
I've reached the point of no return

I'm wild and wicked
Wild and wicked for love
I'm wild and wicked
Wild and wicked for love

I need a guy that's full of sex appeal
I need a guy that looks good in the red
I want someone with a heart that I can steal
I want someone to drive me outta my head

Tight jeans, cute, and the way I might behave
Full of trouble you might say
All those things you said it
Oh I want him in the back that way

Loved and lost
I paid a painful cost
Feel my love
I've reached the point of no return

I'm wild and wicked
Wild and wicked for love
I'm wild and wicked
Wild and wicked for love

I'm wild and wicked
Wild and wicked for love
I'm wild and wicked
Wild and wicked for love

Send It With Love

Whenever I think of you it seems so unfair
That I have to close my eyes to see you there
I know I'm making it now, but it's tough
I can't begin to tell you enough
The pain is too much

And I give my heart in a prayer
And send it with love
You, just say the word I'll be there
Send it with love
Send it with love

I've come to realize that I'm on my own
So whenever I'm scared inside
I dream that you're home
It's hard to say
How everything happened so fast
So many questions to ask

Oh, I give my heart in a prayer
And send it with love
You, just say the word I'll be there
Send it with love
Send it with love

Is it right or is it wrong
To want you here so much?
But I can never bring you back
So I feel what I can't touch

I've come to realize that I'm on my own

And I give my heart in a prayer
And send it with love
You, just say the word I'll be there

Send it with love
Send it with love

Once Over (Don't Gimme That)

How can you tell me it wasn't for real
Step into my shoes and see how it really feels
I know, I know why you do it
Still I can't stand you putting me through it

Don't gimme that
Once over
Don't gimme that
Once over
That's just on step over the line

Once upon a time I let you near
There was no reason that I had to fear
I know, I know it's easy for you to leave
But this it's better for me to give than receive

CHORUS

You made the place and time
How did you fake that crime

SOLO

Once in awhile I'll think of you
Maybe somethin' old or somethin' brand new
I know, I know I know where you'll be
Somewhere in the night lookin' for me

You can seek but you'll never find
'Cause you can't go back in time

CHORUS(repeat and fade)

Hate To Love

Midnight sky shining on my face
I feel the waves embracing me
I'm here to find
Some peace of mind
Time and time
Waits for me
It waits for me, yeah

So here I am again

Somewhere in between
Hate to love
Trying to find reality
In a dream
Hate to love
I'm afraid to say I need someone like you
Hate to love
I hate to love

Faded photographs
Of a picture-perfect love
Locked inside this frame of mind
Forgiving true is a trust betrayed
If time heals all it left me behind
It left me behind

So here I am again
Somewhere in between
Hate to love
Trying to find reality
In a dream
Hate to love
I'm afraid to say I need someone like you
Hate to love
I hate to love

Loneliness and innocence
As you invade my heart
I love to hate the truth of love
It's tearing me apart

So here I am again
Somewhere in between
Hate to love
Trying to find reality
In a dream
Hate to love
I'm afraid to say I need someone like you
Hate to love
I hate to love

LUV Eyes

This friend of mine, he looks real good
He drives a fast car and lives in Hollywood
He treats me like his little sis'
I gotta let him know I want more than this

His girlfriend Jane is a prissy brat
I don't know what he sees in that
He thinks she's cool in her short tight dress
You take away the glamour and she's just a mess

Luv eyes
Speak to me as more than just a friend
Luv eyes
Will this dream ever end

I got L-U-V eyes looking at you
I got a B-I-G heart made for two
You could feel the same if you only knew
I got L-U-V eyes looking at you

Gonna close my eyes and take a deep breath
I wanna be strong but I'm scared to death
Gonna put your arms around my waist
And tell you that I love you right to your face

Luv eyes
Speak to me as more than just a friend
Luv eyes
Will this dream ever end

I got L-U-V eyes looking at you
I got a B-I-G heart made for two
You could feel the same if you only knew
I got L-U-V eyes looking at you

This friend of mine, he looks real good
Guess who made it to Hollywood
No more Jane I got her beat
Now I'm sitting pretty in the front seat

Luv eyes
Look at me and let the feeling out
Heaven
The two of us in love

I got L-U-V eyes looking at you
I got a B-I-G heart made for two
You could feel the same if you only knew
I got L-U-V eyes
I got L-U-V eyes looking at you
I got a B-I-G heart made for two
You could feel the same if you only knew
I got L-U-V eyes
I got L-U-V eyes

I Lost My Heart When I Found You

Kiss me all over is all I can say
I've waited a lifetime to feel this way
You leave me breathless
And out of my mind.
I'm just so helpless
So baby be kind

I lost my heart
When I found you
Yeah, it feels so good
To lose
I lost my heart
When I found you.
I lost my heart to you

You touched me in places
Deep in my heart
Imagination runs wild in the dark
Babe, I surrender
Only to you.
I can't remember
How it feels to be blue

I lost my heart
When I found you
Yeah, it feels so good
To lose
I lost my heart
When I found you
I lost my heart to you

You leave me breathless
And out of my mind
I'm just so helpless
So baby be kind

I lost my heart
When I found you.
Yeah, it feels so good
To lose
I lost my heart
When I found you
I lost my heart to you.

Rhythm Made Me Do It

I just can't sleep so I get in my car and I drive
I'm on the 101 and I'm cruisin' by 105
Got the radio cranked and the rhythm is comin' alive

Got the wind in my face and I'm ready to take on the night
Not a worry in sight the DJ is rockin' me wild
Things are startin' to shake so hold on 'cause I ain't gonna break

Red light in the rear view mirror
(Well hey you pull it over here)
He says miss just step away from the car
(Hands on your head move and you're dead)
But officer

The rhythm made me do it
The rhythm got me high
The rhythm made me do it
What can I say
The rhythm made me do it

He's walkin' real slow and I know he's checkin' me out
Officer please can you tell me what this is about
You're doin' 105 and I'm lucky that you're still alive

He says baby get behind the wheel
I wanna make your tyres squeal
Hey baby like to make some noise
Turn it on, turn it up

CHORUS

Got the wind in our faces been drivin' all though the night
Got the red lights on and the DJ is rockin' us right
Things are startin' to shake so hold on 'cause we ain't gonna break

BRIDGE 2

CHORUS(repeat and fade)

Two Hearts, One Love

You are the moonlight I am the stars
Together we light up the night
You are the passion I am the flame
We are both one and the same

I am the taker you are the chance
This is the rule of romance
I am the seeker you are the find
Together we are two of a kind

Two hearts one love beating together
I am yours you are mine
Two hearts one love always forever
Standing the test of time

I can be happy you can be sad
Together things aren't so bad
You are the sailor I am the sea
The treasure of eternity

Two hearts one love beating together
I am yours you are mine
Two hearts one love always forever
Standing the test of time

Here we are the two of us
Nothing in our way
Wanting you wanting me
Everyday

Two hearts one love beating together
I am yours you are mine
Two hearts one love always forever
Standing the test of time

You are the passion I am the flame
We are both one and the same

Two hearts one love beating together
I am yours you are mine
Two hearts one love always forever
Standing the test of time

Two hearts one love beating together
I am yours you are mine
Two hearts one love always forever
Standing the test of time

Half Breed

My father married a Cherokee
My mother's people were ashamed of me

The Indian's said that I was white by law
The white man always called me Indian Squaw

Half breed
Is all I ever heard
Half breed
Let me hate the word
Half breed
She's no good they warned
Both sides were against me since the day I was born

We never settled went from town to town
When you're not welcome you don't hang around
The other children always laughed at me
Give her a feather she's a Cherokee

Half breed
Is all I ever heard
Half breed
Let me hate the word
Half breed
She's no good they warned
Both sides were against me since the day I was born

We weren't accepted and I felt the shame
Fifteen I left and tell me whose to blame
My life since then has been from man to man
But I can't run away from what I am

Half breed
Is all I ever heard
Half breed
Let me hate the word
Half breed
She's no good they warned
Both sides were against me since the day I was born

Half breed
Is all I ever heard
Half breed
Let me hate the word
Half breed
She's no good they warned
Both sides were against me since the day I was born
